

Protecting the environment

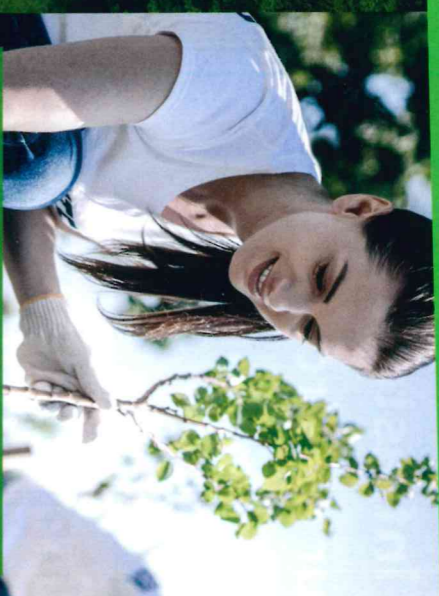

55% RECYCLING NEAR TOP IN THE COUNTRY

Collecting your waste is a core council service. We know recycling is important so we are delighted to be in the top 15% for recycling rates.

CONVERTING ALL STREETLIGHTS TO LED

We have already started converting our 16,000 streetlights to LED which will save the taxpayer money and be less harmful to the environment.

NEW 345,000 COMMUNITY TREE SCHEME UNDERWAY

Our commitment to planting a tree for every resident saw 30,000 new trees snapped up by the community in hours. These will be planted across Shropshire.

We are going further with...

New nature reserves being created across Shropshire.

New technology to make the council energy self sufficient.

School building, built to highest environmental standard.

Supporting you in your community

Our support extends to...

Support for local high streets through investment.

Broadband coverage now over 94% across Shropshire.

More care and improvements to enable people to live at home longer.

NEW SERVICE FOR GRANTS AND ENERGY ADVICE

We are providing free and impartial advice that is helping people reduce their bills and access energy efficiency grants for certain improvements.

NEW AFFORDABLE HOMES FOR LOCAL PEOPLE

We are securing more affordable homes by building ourselves and working with others. We are driving forward standards including energy efficiency and design.

FREE SCHOOL MEALS DURING HOLIDAYS

We have always supported our schools and recently we were one of the first to commit to provide free school meals during school holidays.

Unleashing Shropshire's potential.

We will continue to work on your priorities, at the moment these are **keeping you safe and delivering the services you need.**

We want your council to be **there when you need us, making it quicker and easier to deal with.**

Managing the finances has meant we have a clear plan for **improving, investing and innovating** services across the county.

Listening to you we have made clear commitments on key services.
